North Fraser Child Care Association February Report

Starting with Fall last year- 2014. We did a visit to the Formosa Nursery and the Laity Dairy Farm arranged by the group for children. Every other month is an evening at a restaurant . We have been to the gulf club in Pit Meadows for pasta night and twice to the Loft at Meadow Gardens for special events. For the month of March the meeting is scheduled for the 27th and will be at my home.
We have chosen to fund raise in the future for charities. Last year we were able to sponsor a family from the group and this year it was a family through the CHRISTMAS Hamper Society. We did this through Purdy's and Meridian Meats. I have been in touch with my accountant and he has agreed that it is fine with what and how much we are doing.
We will do the same next year. I am also hoping the group will participate in the food bank and toys for the Christmas Hamper.

We would like to have a workshop on Children's allergies and food sensitivities as well as another lady at the same time to compliment the first speaker. We are still in the thought process. We are requesting funds through BCFCCA for this workshop and it will be open to the public. We would like it to be a free event and numbers will be limited.
If this is acceptable could you send me whatever application forms are necessary.

We are planning a retreat in the late spring depending on my time share destination. Gina's husband is not in the greatest shape and going to Mexico has become to challenging for her.

We are encouraging members to produce a first class facility for family child care and are willing to help one another any way necessary and possible. We will be advertising in the future and will need permission to use BCFCCA logo and name. I will also contact the girls who have BCFCCA on their business cards to contact you. I will be getting new cards myself and am requesting permission at this time.

We are having elections at the March meeting and our membership has added a couple of new people and lost a couple. There is a large range of expectations from members and it is difficult to satisfy everyone.

Thank you. We look forward to the conference. Not sure on the number of people coming. Kathy
